

## REMARKS

Claims 10-15 are pending.

Claims 10-15 are rejected.

Claims 16-17 are canceled.

Claims 18-19 are new and are withdrawn.

Claims 10-15 are amended to address the 35 U.S.C. 112, first paragraph rejection made by the Examiner in the Office Action. The Applicants have amended such claims to recite "x" and "y" axis information instead of referring to "height " or "width" information.

Claims 18 and 19 serve as analogs to canceled withdrawn Claims 16 and 17, respectively. These claims are amended in a similar manner as for Claims 10-15, eliminating the "height" and "width" recitation from the claims and replacing such terms with "x" and "y" axis and/or coordinate information.

No new matter was entered in view of these amendments.

In addition, although the Applicants appreciate the Examiner's attempts to address the application's lack of drawings, Applicants are not going to submit drawings for this application at this time. The Examiner correctly noted that patent applications do not require drawings under current US law.

## ARGUMENTS

### ***I. Rejection to Claims 10-15 under 35 U.S.C. 112, first paragraph***

The Examiner rejected Claims 10-15 under 35 U.S.C. 112, first paragraph as not being supported in the specification, as filed. As amended, the claims address using the "x" and "y" axis/coordinates, instead of using the terms "width" or "height". Although Applicants believe that one of the ordinary skill in the art would understand that the X and Y coordinates serve as width or height; the

Applicants are amending the pending claims to further the prosecution of the application.

In view of the presented amendments, Applicants assert that the presented claims are patentable over the cited art of record.

Having fully addressed the Examiner's rejections it is believed that, in view of the preceding amendments and remarks, this application is in condition for allowance. Accordingly, reconsideration and allowance are respectfully solicited. If, however, the Examiner is of the opinion that such action cannot be taken, the Examiner is invited to contact the Applicant's attorney at (609) 734-6809, so that a mutually convenient date and time for a telephonic interview may be scheduled.

Respectfully submitted,

/Joel M. Fogelson/
